Pamela,

A third version is okay—this process is definitely an evolving one, and given the push to declassify a bunch of stuff, we may end up tweaking these letters (i.e , directing them to places for unclassified talking points, enclosing unclassified points, etc.).

(U~~//FOUO~~) OK – I see – it doesn't really change what we said, but is a bit smoother. The real question is whether we want yet a third version going out, or do we care and just say it's an evolving thing?

I did review this letter, [redacted] (b)(5) (b)(3)-P.L. 86-36

Please see the suggestions for more precision; we can discuss whether all of these changes should be made in light of the fact we have already sent the letter to some requesters, but I think at least some of these will need to be made.

You approved the attached Glomar letter, but wanted to make sure that it does not need to be tweaked [redacted] We've already sent this Glomar letter to approx. 300 requesters so far. I don't think any changes are necessary, but would welcome your input.

Thanks.
